Gurgaon, Haryana – 122015

**Sub: Letter of Appreciation**

We are really overwhelmed with heart-felt feelings of appreciation for the unforgettable service your efficient team has rendered to our College by generating a wonderful website having the nomenclature – [www.Dronacharya.info](http://www.Dronacharya.info), apart from providing us excellent Networking service. We are really thrilled by the amazing range of services rendered by you. The multiple services provided through the website cover detail reports of various Departments, highlight our assets in the sphere of manifesting excellence in academics, co-curriculars and technological activities as Technofest.

The website clarifies our future vision, apart from generating facilities for the Allumuni. Interaction, highlighting live Projects by students, providing placement aids through the Placement Cell are services used and eulogised by one and all. The website is user friendly, it bridges interaction between Academics and Industry, serves as a hub for students leading to a fountain of knowledge to be diversified and intensified through Assignments online, Tests online, career counselling and doing myriad other substantive jobs.

Sincerely speaking we lack words to communicate the gravity, the intensity and magnitude of our gratitude. The website you have provided to our organisation is a web of life which kaleidoscopically presents peerless patterns of knowledge. Since knowledge is power, you are our “power-providers” we express our thankfulness and send our appreciation as a sweet token of acknowledgement for the services you have rendered with sincerest intentions and endeavours.

With Kindest regards

Yours sincerely

  
Principal

Low		1		2		3		4	<input checked="" type="checkbox"/>	5	High
<b>Suggestions</b> (Please enter your comments and word of appreciation in this area)											
<p>It gives me great pleasure to inform you that our association for Dronacharya College of Engineering, Gurgaon &amp; Dronacharya College of Engineering, Greater Noida with you have been very satisfying for us. The development &amp; maintenances at our website is up to our expectation. The outsourcing is also being well taken care of.</p> <p>I must appreciate the cooperation extended to us by Ms. Meeta Agarwal as and when we are in need. We look forward for such performance and cooperation in future too.</p>
